

Terry Wild Studio Tour

Meet at the Museum at 7:00 PM to car pool over to the studio. The facility is located on Morgan Valley Road in the Nippenose Valley.

With the changes in photography due to digital imaging, this should be a real change from the tour we took several years ago.

Brent's Babble

Do you have your work ready for the November Show? Time's running out. The drop off for work is about three weeks away with the opening in four weeks from today. We all need to raise some prize money. If everyone gets two patrons we're there. I know this is a pain, but it must be done. Please bring them to the October meeting or as soon as possible so we can get the program together. A special prize will be awarded to the one who brings in the most sponsorship money.

Our show at the Coffee and Tea Room looks great. If you haven't seen it, you only have a few days left to get there. The show comes Tuesday October 29th. The opening was very nice, a lot fun. Thanks to everyone who helped hang the show and provide the refreshments. I was a little disappointed with the turn out for the opening, but it was a good time. The show must come down Tuesday evening so please pickup your work around 7:00 or make arrangements to have it picked up.

A number of our member had work on display at the Canton Apple and Cheese Festival and three of them won awards. Congratulations to Wayne Palmer for winning First place in color, Deryl Maruschak for First place in digital and Pamela Herrington for the CTCO Umbrella award. With this weather, what a timely award.

I'm sure this month meeting will be great. We'll meet at the museum and carpool to the Terry Wild Studio, so don't be late. If your not aware of the Wild Studio they are one of the most highly regarded photo studio in the area.

See you Monday

Keep shooting
